Basic Business Consortium

BBCON API LTD

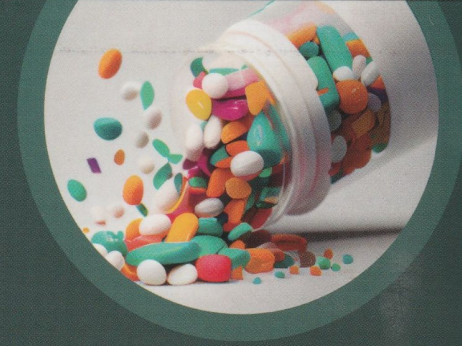

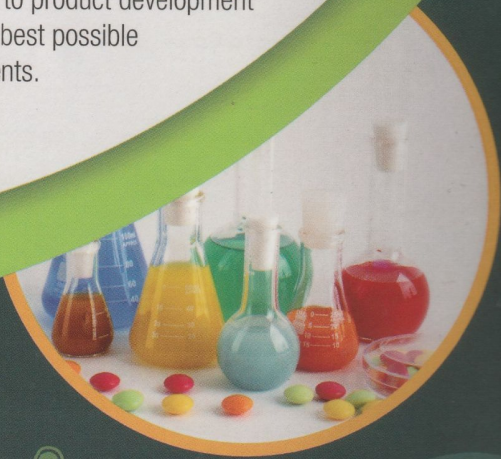

ABOUT US

Basic Business Consortium and **BBCON API LTD** were founded in 2004 and 2014, respectively. Our organizations provide indenting services as well as import-export services for Pharmaceutical Raw Materials.

To promote Bangladesh's pharmaceutical sector, we work with local and international partners. We export and import all sorts of Pharmaceutical Raw Materials, including Veterinary Raw Materials, Intermediate/Basic Chemicals, Herbal Extracts, Pharmaceutical Packaging Materials, Pharmaceutical Machineries, Quality Control Equipment, Reference Standards, Medical Equipment, and Disposable Products. We collaborate with companies that have ISO, GMP, WHO GMP, EUGMP, EDMF, DMF, USDMF, CEP/COS, USFDA, and other accreditations to guarantee compliance with pharmaceutical regulations.

BBCON employs around 30 highly motivated and experienced professionals who are skilled at working as a team and providing certified and specialized knowledge and transparency.

Our Managing Director, with 19 years of expertise, and our Chairman, with over 3 decades of experience, continually strive to provide the highest quality products to our clients. Within our qualified personnel, we have a team of 12 professionals with B. Pharm and M. Pharm degrees from reputed institutions. This team is entirely dedicated to product development and providing the best possible support to our clients.
